

**Giving together,  
makes twice the  
difference**

---

“

**At Hindmarsh, our people are known for their passion and challenger spirit. Our HeartsAtWork program taps into this passion and spirit through our range of community programs including volunteering, awareness forums and fund raising events, plus payroll giving which Hindmarsh matches. We are committed to making a real and sustainable difference to communities in need and enabling our people to feel a sense of pride and connection within the community.**

”

- Rowan Hindmarsh  
Chief Executive Officer

As a family owned and operated business, being a responsible contributor to the communities in which we live and work is an essential part of Hindmarsh's culture. We have partnered with the following charities to support their outstanding work across Australia.

Not all hospitals have the equipment they need to save the lives of sick and injured children. The Humpty Dumpty Foundation is a children's charity that, for more than 30 years, has been purchasing essential and often life-saving medical equipment for sick and injured children in Paediatric Wards, Neonatal Units, Maternity and Emergency Departments in hospitals across Australia.

**HeartsAtWork** raises money to buy vital equipment, thereby giving medical teams the best possible chance of averting tragedy and saving young lives.

---

Canteen is an Australian not-for-profit that provides free and tailored support to young people aged 12-25 who are impacted by cancer. Whether they are dealing with their own diagnosis, a close family member's cancer or the death of a loved one.

**HeartsAtWork** donations help support young people living with cancer from the moment of diagnosis, through treatment and beyond, including and how to cope with practical aspects such as dealing with school, and talking to friends and family.

---

The RSPCA looks after and offers a voice for the creatures who are totally reliant on us for their health, safety and wellbeing. They aim to be the leader in providing animal care and protection, actively preventing cruelty to animals across Australia.

**HeartsAtWork** secures funds to help the RSPCA to rescue, rehabilitate and re-home neglected, abused and unwanted animals, giving them the care and protection they deserve and are entitled to.

---

Mission Australia believes all Australians should be able to live in a safe, secure and affordable home. However, issues like mental illness, drug and alcohol abuse, personal tragedy and unemployment can lead people to become homeless and in desperate need of assistance.

**HeartsAtWork** contributions help Mission Australia develop long-term solutions to fit the needs of homeless clients, their families and their community, so they can break the cycle of homelessness and rebuild their lives.
